## Farm Business Registration - Who speaks for you?

Changing GFOs is easy and it is your right to support the organization you think will represent you, your farm and your family interests best.

Changing farm organizations, the farm business registration number and you.

*Here are the facts on the FBR:*

In Ontario, there are 3 General Farm Organizations (GFOs) - the NFU, the CFFO and the OFA. Every year you can decide to join one of them. Who you sent your cheque to in the past does not matter. If you join the NFU, your FBR number (which gives you your PST exemption for example) simply comes with you and will be on your new NFU membership card. NFU also has a responsive Health Plan.

The number is assigned to you by the Provincial Government. The number belongs to you, regardless of which GFO you choose to register with.

### NFU MEMBER BENEFITS

- NFU Members may participate in a competitive Group Plan for Health & Dental Benefits, Life insurance and Critical Illness Insurance as well as other Financial Advisory services.
- NFU Members seek to work collectively to develop alliances to both market products and purchase products, increasing the farmers share of the food dollar.

Our goal as family farmers is to work together to achieve agricultural policies which will ensure dignity and security of income for farm families while enhancing the land for future generations.
